Note: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage or to get a copy of the complete terms of coverage, visit us at PriorityHealth.com or call 1-800-446-5674. Important Questions	Answers	Why this Matters
What is the overall deductible?	$1,000 person / $2,000 family Amounts you pay toward the deductible do not count toward any co-insurance maximums.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes, the deductible doesn't apply to preventive care, certain services subject to flat dollar co-pays and prescription drugs. Emergency room, ambulance and advanced imaging services are subject to the deductible and a co-pay.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Yes. $7,150 person / $14,300 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a participating of providers?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No, you don't need a referral in order to receive the preferred benefit for services provided by a participating specialist. Yes, you do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist.	You can see the in-network specialist you choose without a referral. This plan will pay some or all of the costs to see an out-of-network specialist for covered services but only if you have a referral before you see the specialist.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.

Yes. $7,150 person / $14,300 family Your plan also has a co-insurance maximum. $1,500 person / $3,000 family The co-insurance maximum limits the total amount of co-insurance you will pay for certain covered services during a coverage period. The co-insurance maximum is included in the out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a participating of providers?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No, you don't need a referral in order to receive the preferred benefit for services provided by a participating specialist. Yes, you do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist.	You can see the in-network specialist you choose without a referral. This plan will pay some or all of the costs to see an out-of-network specialist for covered services but only if you have a referral before you see the specialist.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.

Important Questions	Answers	Why this Matters
What is the overall deductible?	$1,300 person / $2,600 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes, the deductible doesn't apply to preventive care.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Yes. $2,000 person / $4,000 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a participating of providers?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No, you don't need a referral in order to receive the preferred benefit for services provided by a participating specialist. Yes, you do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist.	You can see the in-network specialist you choose without a referral. Important Questions	Answers	Why this Matters
What is the overall deductible?	$2,000 person / $4,000 family Amounts you pay toward the deductible do not count toward any co-insurance maximums.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes, the deductible doesn't apply to preventive care, certain services subject to flat dollar co-pays and prescription drugs. Emergency room, ambulance and advanced imaging services are subject to the deductible and a co-pay.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Yes. $7,150 person / $14,300 family Your plan also has a co-insurance maximum. $1,500 person / $3,000 family The co-insurance maximum limits the total amount of co-insurance you will pay for certain covered services during a coverage period. The co-insurance maximum is included in the out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a participating of providers?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No, you don't need a referral in order to receive the preferred benefit for services provided by a participating specialist. Yes, you do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist.	You can see the in-network specialist you choose without a referral. This plan will pay some or all of the costs to see an out-of-network specialist for covered services but only if you have a referral before you see the specialist.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. Note: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage or to get a copy of the complete terms of coverage, visit us at PriorityHealth.com or call 1-800-446-5674. For general definitions of common terms, such as allowed amount, balance billing, co-insurance, co-payment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why this Matters
What is the overall deductible?	$2,000 person / $4,000 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes, the deductible doesn't apply to preventive care.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Yes. $4,000 person / $8,000 family The maximum out-of-pocket limit for any one individual within the family is $7,150.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a participating of providers?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No, you don't need a referral in order to receive the preferred benefit for services provided by a participating specialist. Yes, you do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist.	You can see the in-network specialist you choose without a referral. This plan will pay some or all of the costs to see an out-of-network specialist for covered services but only if you have a referral before you see the specialist.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.

Are there services covered before you meet your deductible?	Yes, the deductible doesn't apply to preventive care.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Yes. $6,350 person / $12,700 family The maximum out-of-pocket limit for any one individual within the family is $7,150.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays and co-insurance you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Does this plan use a participating of providers?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No, you don't need a referral in order to receive the preferred benefit for services provided by a participating specialist. Yes, you do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist.	You can see the in-network specialist you choose without a referral. This plan will pay some or all of the costs to see an out-of-network specialist for covered services but only if you have a referral before you see the specialist.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.
